Beloved Lady Master Nada

DISCOURSE BY

BELOVED LADY MASTER NADA

SAN FRANCISCO, CALIFORNIA • JULY 18, 1937

THROUGH MR. G.W. BALLARD

Beloved Ones of the Light, Our Hearts are rejoicing with you in finding an opportunity to express Our Love and Qualities that will give you the Assistance necessary for your greater Victory and for the greater Accomplishment which is at your door now. We love you so very greatly, and We see so clearly the wondrous Victory that you are gaining; and We have watched those so lovingly who are so sincere to the Light, and We see the marvelous, amazing progress that they are making in the Expansion of their own Light. If We allowed it, Our Hearts would ache so greatly for those who allow human suggestions or doubts or fears to interrupt the Expansion of that Light.

Do you really quite understand what the Expansion of the Light within your Heart means to your physical body, and also to your world of activity? If you will remember that the Messengers have said to you so many times—to all the Students—that when you call your "Presence" into action, what takes place? The Release of the Light from your "Presence"—Self-luminous, Intelligent Substance to act within your body and out into your world.

Then what happens? That Light knows no resistance or interference. It is the Authority. It is the Law of your body, of your Life, of your being and your world. Therefore, when you call your "Presence" into action, that Light comes into and expands with great speed the Expansion of the Light within your Heart, because It must act through the Light

© 2002 Saint Germain Foundation

that is anchored there in your Heart, your physical Heart. Therefore, that expands with great rapidity. It goes out, not only filling your body, but goes out into your feeling world with Its Activity.

Now remember! Let us follow this closely, because if you get this clearly in your feeling, It is so simple. And yet It is so Majestic and Powerful in Its Action that you will have no difficulty in remembering. When you call this "Presence" into action, It simply floods your world—feeling world—then goes out into your world of activity knowing no resistance or interference. There is no battle about It. And that is why We want to keep asserting this to you until you get the full conviction of It in your feeling. Then your struggles are over, Beloved Ones.

So many of you are nearing this point so beautifully. Really, I wish I might show you just how marvelous is the Expansion of your Light for that Encouragement and Strength which It is to you, because from the human standpoint, you do not always see or always feel the full Power of the Inner Activity until It comes to a certain point of manifestation; for that Momentum must be built up. It must be called forth; and that is the need in your Call to your "Presence" that will keep releasing more and more of this Mighty, Pure Energy from the "Presence" until It gains sufficient Momentum—or Power, in other words, within your feeling world—that It rushes forth into Action.

Then you see the outer results of Perfection, of loving response, the achievement, or whatever it may be that you are requiring. Then that is when you see the outer manifestation. But Precious Ones, how can you, if your reservoir is empty because of discordant feeling? How can It release a sufficient volume to accomplish a given purpose

© 2002 Saint Germain Foundation

unless you have called It forth and have gained there, within your feeling world, a volume of that Pure, Perfect Energy that, when a sudden requirement comes, It is released—like that—into your world.

Then is when you gain marvelous activity in answer to your Call—now, for instance, the Beloved Messengers who are constantly building and gaining that Power of Substance and Energy in their feeling world for the Blessing of the Students. We watched the Manifestation in the Shrine Class, and never in their experience were so many Calls for help from humanity. Nor was there anytime in the experience when the Answers to those Calls were so instantaneous. In fact, many, many letters came just before they came here in proof of these words that I am saying. People—no sooner had they made the Call to the Messengers than the Help came, innumerable instances of it. So that just shows the point I mean to carry—the conviction of the point I am trying to convey to you: that your Call to the "Presence," even though you have not seen the Full Power of Its Outpicturing or the Manifestation, still are you gaining the Victory just as definitely as if you saw some magnificent manifestation in your outer world of activity. Because you must gain the Power of your "Presence" in your momentum of Purity and Perfection, that when there is a requirement in the outer world, It will rush forth.

And there, Precious Ones, is where the Power of your attention and your ability to govern your attention comes in. You all know, I am sure, every one, through your experience, that the human left to itself will go here and there, just scattering its forces everywhere because it does not know any better. But when you come to know your "Presence" and Its Power—to be consciously directed—and by that, I

© 2002 Saint Germain Foundation

mean through your attention held upon a given objective, you compel all energy gained to go to that point for the accomplishment of what it is you require. But if you allow your attention to go here and there and the various points, then again that force is dissipated, that energy; and it takes a much longer time to accomplish the things than if you held, as it were, a Tube of Light between you and your objective that never could go outside of that, but just upon that point of being accomplished.

Your accomplishment would be with greater speed. And that is how Instantaneous Answer or Manifestation of the Power of the "Presence" in your world does Its Perfect Work, and that which all desire: the Instantaneous Manifestation. In this Class We are going to make a stupendous effort to so charge into your feeling world these Feelings that I am calling your attention to tonight, to establish It within your feeling world for constant action and use, that by the close of this Class, you will have It so firmly—so vivid in your consciousness—that you will never have any trouble again in utilizing It. For anything without use becomes forgotten. It is by the use that the outer is constantly reminded of that which is its Authority and Power in the human world of activity.

Now then, tonight, as the Inner Work is going on while I am talking to you, it is magnificent! It is beautiful! You know, it is said that I have unusual Ability to fill the feeling world of individuals with the Power of Divine Love; and I never miss an opportunity to spread the Radiance of My Divine Love over the Students, over the audience. And in your Groups, I often visit and try to pour forth that Love that really dissolves everything human. And that is how you, by calling your "Presence" into action and keeping the feelings harmonious—soon you gain that Momentum of the

© 2002 Saint Germain Foundation

Outpouring of the Divine Love of your "Presence" to such a degree that soon It seems to be acting involuntarily. But remember, It never is. It is responding to your Call, but It comes so naturally and so easily that you begin to feel that It is acting involuntarily.

Now that is how you are coming to be the masters of your world, your body. I assure you that it is not long until every precious, sincere Student will find the full Power and Authority to dispel instantly any slightest disturbance that starts within their bodies. One of the most marvelous things occurred recently. A blessed one was expressing that appearance called "tumor," and one of our blessed ones issued the Decree in the evening for the release of that; and the next morning it was released and passed from the body of the individual.

Dear Ones, if one wishes to call it that, that is a Miracle performed. We know there are no Miracles really, but so-called. Now, Beloved Ones, that is the privilege of every precious one of you. Think of it! In the Acknowledgement of your "Presence" that gives you Life, it means that any one of you can issue a Decree for the Perfection, for the release of a condition, and that releases the Infinite Power of your "Mighty I AM Presence," or of the individual to whom you wish to give assistance. If you wish to call to their "Presence," it brings the Release of that Infinite Power of Self-luminous, Intelligent Substance that floods into that condition in the body. And by Its Perfecting Activity, which is the Light before which everything imperfect must dissolve, then do you not see how that Light called forth from your "Presence," in the instance of the release of this tumor, the Light went into action there and dissolved the hold of that tumor upon the human body; and It compelled it to let go and be removed from the form.

© 2002 Saint Germain Foundation

Now then, if it is something within the human form in which there is not a natural outlet, then that can be dissolved by the "Presence" and disappear quite as readily. We want you to become so sure, so familiar with the Powers of your "Presence" to handle—to govern any condition of your body, as well as your outer world of activity, that any moment you choose to make the Call, that Mighty Power and Energy of your "Presence" sweeps into action. And that is what every one of you are going to be able to do shortly.

Now do not accept, Precious Ones, any longer, your inability to do this. I trust you believe We are truthful when We say to you, you are nearing that Victory. I mean it! There is not one of you in this room that cannot call your "Presence" into action to accomplish anything almost instantly. I want you to feel that it is within your province to do it. By that I mean, you have arrived at the point of the Expansion of your Light within you where you can do these things. And won't you believe that? Will you not believe it to the extent that I can—or some of the Ascended Masters can help you to that Accomplishment until you feel this assurance within you and the full ability to, at any moment, call the "Presence" into action with such Power that Its Light just floods in; or if it is in the world, that It flows through and into the condition just as definitely as you form the Tube of Light and send It forth into the condition to perform that Service.

Do you realize that in the more intensified Activity of your Call to the "Presence," that actually takes place from your Higher Mental Body? It, knowing the concentrated Activity that you require for the immediate Response to your Call, the Higher Mental Body will so focus the Power of the Energy as It flows forth to a given objective. Now if

© 2002 Saint Germain Foundation

it be in your body, it will do the same thing there. It will focus the whole point of the Intelligent Substance into that spot, and it is done right there. You see, the Light, when It acts, everything unlike Itself dissolves before It.

I rejoice with you tonight in the clearness with which you are feeling this. It means everything, Dear Ones, to you—everything in the world. The moment you can begin to feel the full conviction of your ability to release the Power of your "Presence" into action and have Instantaneous Answer to your Call, then your whole being just rises into the Powers of the "Presence"; and then the human just subsides and no longer tries to obstruct the way. Isn't it strange that every human being is a dual personality? One wants Perfection, and the other part of it does not. But that is where mankind has been until the present time. And until the Light within the individual has expanded to the point where the human is compelled to subside—then is the greatest rejoicing, not only by you, but all those Great Ones who have watched your progress.

Beloved Ones, is there any precious one here that ever thinks for a moment that you are ever alone? It is not possible. Your Higher Mental Body that knows your every desire and how to fulfill it—notice! Notice, Precious Ones, how magnificent is the Law of Life. If you, in your Call—I mean your Higher Mental Body—which knows, and in your Call to the "Presence," if a condition exists within your feeling world that is not quite permitting sufficient Powers of the "Presence" to flow forth unqualified, then your Higher Mental Body says to some one of the Ascended Masters: "Assistance is needed here." And They, with Their Powers gained through the Ascension, are able to give that Assistance, and do give It thousands of times when you do not even imagine it.

© 2002 Saint Germain Foundation

Now then, what happens when I am calling your outer attention to this? It will give you a Strength and Power of Achievement that has not been possible unless you do understand this particular point. Notice now, your Higher Mental Body, which rests between your human form and your "Mighty I AM Presence," knows your requirements; and if It finds that there is something, either known or unknown, in your feeling world that is still requalifying this Energy as It goes forth, and is not letting It do Its Perfect Work, then It calls the Assistance of some one of the Ascended Masters to give that Quality that stops, at least temporarily, your qualification of that Energy as It goes forth.

Then, in that Assistance, you drive through to Its Accomplishment. Then that gives you Courage and Strength, that the next time It comes much easier. Just the same manner in your outer world of activity: in the school work, certain things are not easy; but after you gained activity of it, then it is quite as easy as anything else. The same way in your achievement in your action to the "Presence." As you learn how to maintain Harmony in your feelings, then you will find that the Glory of that is your certain Achievement, your certain Victory every time It is called into action. With a few experiences of that kind, you have the Courage—Strength. You have the assurance. Oh what a word! what a word "assurance" is. When you can have the full assurance of your ability to release the Powers of the "Presence" at your Call, then more and more quickly will come the Victory of your achievement in all conditions.

I want you to feel tonight, if you will, there is nothing uncertain any longer in your world. Will you not join Me in that? There is not one thing any longer uncertain in your world. Your "Presence" will take Command—will release the Powers into your world of activity, into your bodies, to

© 2002 Saint Germain Foundation

perform the Service you require if you will hold your feelings harmonious long enough to allow this Momentum to gain. Then as you call It, It will answer immediately; and you need not be deprived any longer of that assurance within you.

Now tonight, as these Qualities have been anchored in your world, these humble Words gone forth, feel, oh *feel,* Beloved Ones, your Victory now! Don't let anything of yourselves or the outer world deprive you any longer of the full Truth of your ability to call your "Presence," and in that Call, release sufficient Light—Self-luminous, Intelligent Substance and Energy—to go forth into your world and perform that Service for you. There is no longer any reason why you cannot have It in action immediately.

I bring to you the Love and Blessings, the Qualities of the Great Host of Ascended Masters who are giving such tremendous Assistance to the world of mankind today. Oh, if you once clearly comprehended how They are watching, guarding the blessed humanity, and how at every slightest opportunity, They are releasing more and more of this Self-luminous, Intelligent Substance and Energy to give you the Assistance you require. Won't you feel such a joy in your attention to the "Presence" and the Ascended Masters that gives the full opportunity They require to give you that Assistance?

Tonight it looks as though your city will soon be free again from the clutches that have held it. And let Us rejoice tonight that it is free, even tonight, of that condition which has held your city. And *the Call has gone forth tonight that the Great Divine Director release the Angels of Blue Lightning and the Sword of Blue Flame to pass through your city every hour until this Release comes.* And It shall be done! Blessed, blessed, precious mankind, unhappy Earth!—but not much

longer—until even the Earth will rejoice in the Great Light released. Have Courage, Dear Ones. Go forward in the Victory of your "Presence." Be dauntless! Refuse to give power to human appearances, limiting or otherwise, and stand so firm in the Call and Action of your "Presence" that that Joy floods your mind, body, and your world—that instead of requalifying this wondrous Energy, It just lets It flow through without interruption. Then as It floods forth, all of the discord of the outer world is dissolved before It.

You Precious Ones who are in this room tonight, in one Mighty Decree, if you only realized it, could release your whole city at once. These are not conditions that cannot be handled. They are conditions that do have an appearance and exist in the appearance world, but the Light from within is the Power that dissolves them. The Light does not say to these appearances, "Now I am going to act!" It just moves forward into action, and everything unlike It dissolves. It is so easy. It is so simple in Its Activity; but I assure you, the Majesty and Power of It is without limit.

So tonight, We rejoice with you in this Release gained of this wondrous Power within you and your "Presence," to bring that Full Power into action in your world and your bodies. I rejoice to see, as it is My Privilege, the Power and the Activity of that which has taken place within your feeling world within the hour. Surely you cannot think I would just say that for your encouragement. But I do say it because it is true. And it is for your encouragement, but only because it *is* true! And if you will accept that, you will feel a Release as you go forth from this room that will be forever sustained in Its Activity within you and about you; and you will feel a happiness in the assurance that no longer have these appearances any power to hold you or limit you or bind you. I assure you, they have not.

© 2002 Saint Germain Foundation

In the Glory of that "Presence" which is Infinite Light, I leave with you My Enfolding Love and Blessing and Presence, and that of the other Ascended Masters, the Cosmic Beings who are flooding the Earth with Their Great Perfecting Activity. So tonight, in this charged Sanctuary of the Ascended Masters and the "Mighty I AM Presence," what a privilege! You are in another World—a World of the Ascended Masters' Light and Perfection; for as They gather you up in Their Radiance in an hour like this, you are not of the Earth but of the Light. Now decree silently within yourselves: "*I, by the Power of my 'Mighty I AM Presence,' shall remain in that! No matter where I move among mankind, that is established there. I hold and maintain It through the Power of my "Presence" in Its Ever-expanding Activity to produce Its Perfection in my world!*" Then cause every particle of that charged Energy in your world to be sustained in Its Activity.

You, Beloved Ones, are Children of the Light; and that Light is your Victory. That Light is flooding your world and will produce Its Perfection for you. And in the Fullness of that Light and Presence, I clothe you tonight in Its Forever-sustaining, All-powerful Activity. Join Me in the feeling of your Full Freedom and Victory now and forever sustained. In the Light of that "Presence," the Light of the world, I thank you.

• DECREE •

"Beloved Mighty I AM Presence" and Beloved Great Divine Director! Release the Angels of Blue Lightning and the Sword of Blue Flame to pass through *(your city)* every hour!

Beloved Saint Germain's Instruction

JUNE 29, 1938

I say to you, if you only knew how your nails are an open invitation to the sinister forces to make you their claw, you would not wear them in abnormal condition. You see, I have kept your attention off from all symbolism, but only when a tragic condition confronts Us do I refer to it. But the whole world—and the symbols and those things—create a symbolic suggestion that is an open invitation through the feeling world.

Excerpts from Beloved Saint Germain's Talk to the Group Leaders

NEW YORK CITY, NEW YORK • APRIL 22, 1939

Beloved Ones, before you sit down, may I tell you just how I feel. I recently made a very powerful Statement, and I meant every word of it. You, today, are My Generals of the Light. That might sound just a little personal to you, but you will not know until your Ascension the Protection I have given you under emergencies of which you know not a single thing. Prefacing that which I will say to you tonight, please feel that while you are serving under My Direction, you are serving your Life for your own Freedom. That is important for every Group Leader and Student throughout America and the world to know, because that is really the Truth. Of course, I have been the Spokesman bringing to your attention the requirements for yourselves and America; but after all, you are serving your America. You are serving the Light for your own Freedom, and that is an important thing for you to keep before you. In all that I have done and shall do for you individually, the Service you render, if you look at it from that standpoint, it will make a great many things very much easier....

I want you to feel and understand how grateful, very grateful I am for as many of the Group Leaders as there are here tonight from the various points. You must be, not from any personal standpoint, but the very activity of your Life as a Group Leader makes you a point of focus of the Light of your "Presence"—of My Light—to spread Its Radiance to America. And will you, Precious Ones, think of it only in that manner; and if things occur in your midst to be corrected or set right, will you feel only that condition which is your obligation to Life in holding the Balance of Life through those who come under the Radiance poured forth through you. All Group Leaders who are loyal and sincere, of course, receive My Radiance every time they hold a Group. It must be so!

© 2002 Saint Germain Foundation
